### 4 Group ideas

Take turns sharing your ideas with others. Cluster similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

20 minutes

**Tip**  
When you have a cluster of ideas, try to write a sentence that describes the cluster. This will help you to see if you have a good idea or not.

## Step-3: Idea Prioritization

### 5 Prioritize

Your notes should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

20 minutes

**Tip**  
Place notes that are more important to write on what others think should go on the grid. The facilitator can confirm the notes by using the ideas cluster headings. It may come naturally.
